Mr. Mark Zaky
Development Manager
Elizabeth/George Operator Inc.
19 Lesmill Road,
Toronto ON M3B 2T3

Dear Sir:

RE: Stage 2 Archaeological Resource Assessment of 31-33 George Street North and 28 Elizabeth Street North (Lots 10, 11 and Part of Lots 7-9 and 12 [Fronting Nelson and Elizabeth Streets], Part of Block 2, Plan BR-4), **City of Brampton, Regional Municipality of Peel, Ontario** (ASI FILE: 21PL-095)

Please accept this letter as confirmation that Archaeological Services Inc. (ASI) is currently scheduling completion of the Stage 2 Archaeological Assessment of the 28 Elizabeth Street North portion of the property indicated above in May of 2022. While this work was planned for the 2022 field season, we are constrained under the terms of our archaeological licensing conditions and the terms of the Ontario Ministry of Heritage, Sport, Tourism and Culture Industries' 2011 *Standards and Guidelines for Consultant Archaeologists* in that field work of the type required for this project cannot be undertaken when weather and soil drainage conditions are less than optimal. It is only in May, following snow melt and heavy spring rains, that soil drainage, in particular, begins to become suitable for the completion of the assessment.

Should you have any questions or comments concerning this matter, please do not hesitate to contact me.

Sincerely,

ARCHAEOLOGICAL SERVICES INC.

David A. Robertson, MA
Partner | Director • Planning Assessment Division
